

We are continuing to monitor Covid-19 situation and in light of recent escalations Sunshine PWCC is mostly following DTCSP's procedures. We will continue to adjust as needed.

- You will be required to wear a mask in the building. In addition, GIVEN THE MARKED INCREASE IN COVID-19 CASES IN OUR AREA OUR JUDGE IS REQUIRING ALL COMPETITORS TO WEAR A MASK WHILE THEY RUN.
- We will be increasing our regular sanitizing of commonly touched surfaces and common areas. If you see an area of concern please bring it to our attention.
- There will be no seating in Unit A (where the ring is), only the performing dog and possibly the next two dogs will be in that area. We have volunteers directing 'traffic' to minimize contact.
- The Gate Steward will do all check ins. The gate will be located at the entrance to Unit A.
- Water/drinks/food will not be available or served. There are numerous eating options very close to the club. Please bring your own food and water.
- In areas where people may need to gather, the floor will be marked with tape at 6 foot intervals. Please respect this spacing.
- We will have hand sanitizer available at multiple locations around the club.
- Walk thrus will be split (based on final entry numbers) so that there will be ample room to maintain social distance.
- Only ring crew and our designated course builders will touch the equipment. They will sanitize their hands before and after and be wearing masks.
- The crating area will be taped off to facilitate spacing - you will be asked to consolidate your 'area' as much as possible and allow 6 feet between you and the person next to you. Please leave spectators at home.
- Two TVs will be showing the ring - one in Unit B and one in Unit C.
- Results will be posted in both Units B & C and on Facebook. We will also live stream to the same Facebook group as our previous trial - DTCSP Agility Trials. We are also going to live stream RESULTS as well.

- COURSE MAPS - permission has been received to e-mail maps after 6 pm the evening before the trial. You will receive your course maps via e-mail. Course maps will be posted in both Units B & C. NO HARD COPY MAPS will be available.
- Ribbons. We will try to have someone placing stickers on the green Q ribbons and placement ribbons by request. Please approach the table one at a time observing the social distancing marks on the floor. We will also have available the special MX, MXJ, MXP, and MJP ribbons, plus AGCH, MACH, PACH, PAX, and New Title ribbons.
- To minimize bodies in the ring we will NOT have a leash runner. You will need to carry your leash with you. Please plan accordingly!!
- Once we see the course layouts we will establish 'paths of travel' around the ring so that the exiting team and entering teams do not pass face to face closer than 6 feet. Note that this may mean you have to go out the side door of Unit A and come back in the building through Unit B or C.
- We have secured an additional 50 feet of 'potty area' in the back of the building to make keeping proper distance easier.
- We all love to hang out and watch our friends run...but for safety, we are asking people to leave the building once they are done for the day.
- We will be updating Facebook for start times – your confirmation will include a 'not before' time but if you are local to the club please watch Facebook for updates.
